Sailing is by its nature an unpredictable sport and therefore inherently involves an element of risk. By taking part in the event, each competitor and the responsible adult agrees and acknowledges that:

- (a) They are aware of the inherent element of risk involved in the sport and accept responsibility for the exposure of themselves and their boat to such inherent risk whilst taking part in the event;
- (b) They are responsible for the safety of themselves, their boat and their other property whether afloat or ashore;
- (c) They accept responsibility for any injury, damage or loss to the extent caused by their own actions or omission;
- (d) Their boat is in good order, equipped to sail in the event and they are fit to participate;
- (e) The provision of a race management team, patrol vessels and other officials and volunteers by the event organiser does not relieve them of their own responsibilities;
- (f) The provision of patrol vessel cover is limited to such assistance, particularly in extreme weather conditions, as can be practically provided in the circumstances.

Green Fleet Rules for Racing For Sailors

Version 2010-01 – May 2010

Based on and modified from the ISAF Introductory Rules for Sailing Version 1.01 - February 2008

These rules should be used for all Green Fleet races

Some Explanations

Windward and Leeward: The *leeward* side of your boat is the side where your mainsail lies. The *windward* side is the other side.

Port and Starboard tack: You are on *port* or *starboard* tack according to your windward side.

Advisor: A person appointed by the race organizers to assist competitors in understanding the rules and, when appropriate, to penalize a boat.

Basic Rules

1. You must comply with the principles of good sportsmanship.
2. You must try not to collide with another boat.

Rules When Boats Meet

3. When you and the other boat are on opposite tacks, if you are on port tack you must avoid the boat on starboard tack.
4. When you and the other boat are on the same tack, you must avoid the other boat
 - (a) if she is in front of you, or
 - (b) if she is on your leeward side.
5. After starting, when you and the other boat approach a mark or an object that both boats need to avoid, and the other boat is between you and the mark or other object, you must give her sufficient space to pass it safely on the same side. However, when the boats are on opposite tacks at a windward mark, this rule does not apply.
6. When the other boat is required to avoid you, if you change course, you must give the other boat enough time to avoid you.

Other Rules

7. At the starting signal you must be behind the starting line.
8. After the starting signal, you must sail the course described by the race organizers.
9. You shall not propel your boat by paddling, sculling with your rudder, rocking your boat, pumping your sail or by being towed.
10. If you know you have broken a rule you may take a one-turn penalty by turning in a circle and doing one tack and one gybe. Avoid other boats when you do this.
11. If you think you or another boat has broken a rule or if you are unclear about the rules at any time during the race, you must describe the incident to the advisor after the race. The advisor may then add two points to the score of any boat that has broken a rule. If the offence is serious, the advisor may add extra points to the boat's score.
